

PROJECT

Whirlpool Corporation

Carlisle, PA

Objective: Provide design-build services for the Whirlpool Corporation to construct a distribution warehouse for their North East region.

Perspective: *EXXCEL* provided design-build and project management services to construct the regional distribution facility for a strategic client, the Whirlpool Corporation. The construction of this precast distribution facility was completed in less than 4 months. *EXXCEL* has designed, constructed or consulted for Whirlpool for over a half dozen projects to date.

Location: Carlisle, Pennsylvania

End Use: Regional Distribution Warehouse

Size: 414,588 Square Feet
